

Regency Liberty™ L234 Small Gas Insert

The Regency Liberty L234 is a clean front fireplace insert that slides easily into your existing drafty steel fireplace and transforms it to a high efficiency heater. This small direct vent gas insert is perfect for airtight homes or basements because the sealed firebox doesn't use in-home air.

Backed by the industry's most comprehensive Limited Lifetime Warranty.

How it Looks:

- Sleek, efficient upgrade to keep the heat in your home
- Compact, yet powerful insert provides ample heating and ambience
- Crystal clear ceramic glass provides maximum viewing area
- Realistic logs with beautiful flames and platinum infused bright embers
- Choice of two tasteful style of finishing faceplates that frame the beautiful fire.

How it Works:

- Whisper quiet variable speed blower to push the heat
- Controllable heat with up to 50% flame turn down
- Easy Clean Glass System™
- Easy access waist height controls
- Direct vent technology protects your in-home air quality.
- Operates on natural gas or propane
